# TASK BOX FILLER CUSTOM BUNDLE

## **What are "Task Box Fillers" used for?**

*These "Task Box Fillers" were created to promote independent work skills. By practicing previously taught skills, your students will build confidence and are more likely to complete tasks on their own. Review IEP Goals or skills that your students have worked on, or will be working on throughout the school year. Activities include academic and social skills. Most of our "Task Box Filler" Task Card sets contain real pictures, with high-interest topics and presentation.*

## **How can I organize this in my classroom?**

*The choice is yours! I place my tasks in clear shoe bins that can be purchased at Walmart, Target, or even The Dollar Store. One task is placed in each shoe box bin, with or without the cover (that's up to you). There are bin labels included with each task for you to place on the front of each bin. If you are storing in a shelf as I have shown in the picture, then you may place the student's name on the top and place the task boxes below.*

## **Can I share the tasks with other teachers?**

*As with all copyrighted materials, additional licenses must be purchased. This Custom Bundle should be created for you to enjoy with your students. Our prices are deeply discounted for educators' and school budgets.*

## **Can I request a specific skill set, or an area that one of my students really needs extra help with?**

*Absolutely! You may email me directly at [DSinger@AutismEducators.com](mailto:DSinger@AutismEducators.com) and tell me what your student/child needs help with. I will reply as soon as possible and let you know when that activity may be added to our selection. I try and fulfill all requests quickly.*

## **Do you accept school orders?**

*Yes, we do! Please send us an email from your school/school district's Purchasing Dept. and we will provide you with the information on how to get started. You may email us at: [CustomerCare@AutismEducators.com](mailto:CustomerCare@AutismEducators.com) with your request.*
