Dear Student,

My name is Ms. Alvarez. I will be your teacher. I am so happy that you are in my class! We will learn, have fun, and make new friends. I would like to get to know you, but first here is a little bit about me.

I have dark brown hair and brown eyes. My hair is not curly. I always have my black and red glasses on so I can see better. I like to sing, dance, go on vacations with my family, and go to the mall and shop. I have one son. I live down the street from Park Trails Elementary school. Sometimes, I even walk to school. My birthday is on May 15th. I am 32 years old. I have been a teacher for 9 years and I love it! It is so much fun teaching boys and girls like you.

You will "meet" me at the end of this lesson!

Meet My Teacher!

A Personalized Digital Interactive Activity for Special Education

What exactly do I need to do to order my own personalized "Meet My Teacher" interactive digital activity?

Complete the form with your 10 questions and 10 responses. Email the information to: DSinger@AutismEducators.com

When your personalized activity is ready, you will receive an email with a link to purchase in our TpT store, Autism Educators. Since this is a custom activity, you must purchase your activity within 24 hours from the email notification that we send to you.

*****PLEASE be sure to send a photo of yourself that does not need to be edited. Clear and crisp images work the best! If the picture is fuzzy when you submit it to use, it will be fuzzy in the activity, too.*****

How many of my students can I share this activity with?

This purchase grants permission for an UNLIMITED number of students. This means you may "introduce" yourself to your students year after year, as an ESY (Extended School Year) introduction, or for Special Needs Early Childhood Education. It is a PDF activity with embedded links for the student to "click" responses.

Is it okay if I email it to my families?

YES! Of course you can. Send it through your school email or as an activity through the learning platform your school district has implemented. I, personally, have chosen to email the activity to my students.
